Procedure code conversion chart for outpatient mental health and substance abuse services

The following chart lists procedure codes and modifiers that psychiatrists and Ph.D. psychologists in private practice and *all* outpatient mental health and substance abuse clinics will be required to use when submitting claims. A future *Wisconsin Medicaid and BadgerCare Update* will notify providers of the specific effective dates for Wisconsin Medicaid's implementation of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA). Refer to Attachments 2 or 3 of this *Update* or to *Current Procedural Terminology* (CPT) and Healthcare Common Procedure Coding System (HCPCS) for a complete description of these codes.
